The installation, or part of it, is protected by devices which automatically switch off the supply if earth default develops.

These devices should be tested periodically according to the local regulations, by pressing on the button marked "T".

⚡ ⚠ DANGER

HAZARD OF ELECTRIC SHOCK, EXPLOSION, OR ARC FLASH

■ Test once a month each device by pressing on the button marked "T".
Failure to follow these instructions will result in death or serious injury.

The devices should switch off the supply immediately, and should then be switched on to restore the supply.

If the devices do not switch off the supply when the button is pressed, seek expert advice.
